

Annual maintenance campaign 2020-21

The below roads had been programmed as part of the 2019-20 annual maintenance campaign but these will now take place in the next financial year.

We had planned for the below streets to receive micro-asphalt surface treatment in autumn 2019 but due to wet weather our planned delivery was delayed.

Due to lower temperatures expected from now (November) through the winter the programme has been stopped. When it is colder the treatment does not apply correctly and would therefore not be worthwhile to put onto roads at this point.

Residents on the streets below will receive letters next year advising them of the planned schedule for our programme in 2020.

ROAD NAME	Parish	Ward
LINDEN CLOSE	Wokingham	Evendons
HAZEL CLOSE	Wokingham	Evendons
LAUREL CLOSE	Wokingham	Evendons
