Notes

Before exercising powers to alter a site licence the council shall afford to the holder of the licence an opportunity of making representations.

Where the holder of a site licence is aggrieved by any alteration of the conditions attached thereto or by the refusal of the local authority of an application by him for the alteration of those conditions, he may, within twenty-eight days of the date on which written notification of the alteration or refusal is received by him, appeal to a tribunal and the tribunal may, if they allow the appeal, give to the local authority such directions as may be necessary to give effect to their decision.

The alteration by a local authority of the conditions attached to any site licence shall not have effect until written notification thereof has been received by the holder of the licence, and in so far as any such alteration imposes a requirement on the holder of the licence to carry out on the land to which the licence relates any works which he would not otherwise be required to carry out, the alteration shall not have effect during the period within which the said holder is entitled to appeal against the alteration nor, thereafter, whilst an appeal against the alteration is pending.

The local authority shall consult the fire authority before exercising the powers to alter a condition in a site licence in relation to a condition for the purposes for securing that proper measures are taken for preventing and detecting the outbreak of fire and adequate means of fighting fire are provided and maintained.
