Business Location	
Location Latitude:	
Location Longitude:	
Hero Image:	If you have an image you would like to upload to Wocca, please attach it along side this form to your email
URL Link to business/event page:	

To find the latitude and longitude of a location, visit the location on <https://www.google.com/maps> on a PC and right click the screen. You should see a button saying "What's here?" A little box will pop up at the bottom of the screen with two long numbers. The first one is latitude, the second one is longitude. \*Remember to include the "-" symbol if one is there\*
