

WOKINGHAM BOROUGH COUNCIL

Note on SFRA Accessibility

Please note that due to the nature of the interactive 'GeoPDF' mapping contained in the appendix documents set out below, these are not accessible to online screen readers.

The appendices in question display flood risk data in a visual format. Written descriptions of the flood risk across the borough and at a site-specific level are contained elsewhere in the main reports and appendices which are in accessible format. Signposts to where this information is available are provided below.

Anyone who requires assistance in using the GeoPDFs can contact the planning policy team at: policyandplans@wokingham.gov.uk.

Table 1 – Summary of inaccessible content and alternative arrangements

Documents that are not accessible	Alternative source of information
WBC Level 1 SFRA Appendix A – Maps A1 – E4	Please see WBC SFRA Level 1 Appendix A: GeoPDF User Guide
WBC SFRA Level 2 Appendix D – Maps relating to site 5AR011 combined to site 5WW030	Please see WBC SFRA Level 2 Appendix D: GeoPDF User Guide; and also WBC SFRA Level 2 Appendix A Site Summary Tables
