How we will collect your rubbish and recycling from August 2024

When we collect rubbish and recycling

We collect rubbish from your black bin every 2 weeks.

We collect recycling from your green bags every 2 weeks.

This means we empty your black bin one week and your green bags the next week.

We empty your food waste bin every week.

When we collect rubbish and recycling

Put your bins and bags out the night before we are coming to empty them.

Put your bins and bags out in front of where you live.

When we collect rubbish and recycling

Black bin

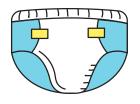

Your black bin is for rubbish.

Rubbish is things you can not put in your food waste bin or green bags.

Things like:

Tissues

• Nappies

• Plastic foam boxes or cups

• Plastic wrappers like crisp bags

Food waste bin

Put any food you are not going to eat in your food waste bin.

Things like:

• Fruit and vegetables

Meat and fish

• Bread

Do not put any plastic or food wrappers in this bin.

You keep your small food waste bin in your kitchen.

When the bin is full, empty it into your big black food bin outside.

Green recycling bags

Use your green bags for things like:

• Plastic bottles like drinks,

 Plastic packaging like tubs or yogurt pots

• Tins and cans for food

• Cartons like fruit juice cartons

• Paper and card

Metal foil

Glass recycling

You can take your glass bottles and jars to a bottle bank.

Find your nearest bottle bank at this website:
