*"There isn't a course I have done that I regret. The staff are welcoming and supportive, I like how staff start the conversation and how it develops into conversations between ourselves.*

*We all come with past troubles, but I like how we can speak in general terms and apply what we learn in private. However, it is nice to speak to others and know we are all in the same boat one way or another.*

*I have tried things that I would not have done without the Recovery College, such as journaling. I use it alongside other activities that support my mental health, and I like the fact I can dip in and out, and that if I miss a course it will likely run again.*

*I have recommended the Recovery College to others, and feel lucky we have this service. It has had a positive impact on my mental health and I always look forward to sessions."*

*"I found Wokingham Recovery college after it being suggested to me by CMHT. I have a lot of spare time so I thought I would give it a go. The people were nice and friendly so I decided to attend more regularly. Since attending, my confidence has increased so much.*

*All the staff are lovely and I feel very comfortable around them. I trust all the staff and enjoy the balance of seriousness and sense of humour within sessions.*

*I really enjoy the craft sessions when I can attend but it often clashes with other appointments I have. The college gives me a reason to get up and go out. I like the fact that I am mixing with people that are similar to myself. I feel more normal when I am there as opposed to feeling different to everyone outside that environment.*

*The sessions never come across as heavy and the staff make everyone feel at ease. Listening to other students and staff has helped me become more open minded and changed my perspective upon things that I previously viewed in a different light. The college, the staff and the students help me appreciate the smaller simpler things in life."*
