

**Wokingham Borough Council
(Various Off-Street Borough Car Parks) (Civil Parking Enforcement) Order 2023
(Amendment No. 6) Order 2025**

STATEMENT OF REASONS

The amendments are proposed to:

- Support redevelopment and operational improvements within Council-managed parking facilities
- Maintain accurate and enforceable legal records for parking and service areas under the Civil Parking Enforcement framework
- Ensure effective and safe management of parking places in accordance with the Council's statutory duties under the *Traffic Management Act 2004*.

The proposal will have no reduction in the overall number of general public parking spaces and will ensure continuity of parking provision within the affected locations.
