USING YOUR BIN

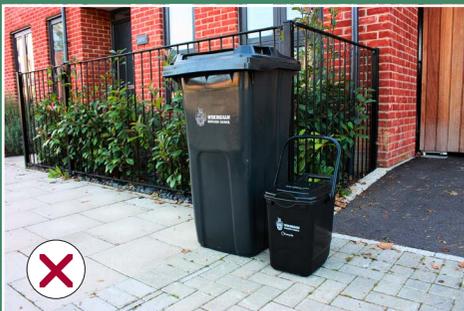

Please put your waste out the night beforehand, following the steps below, or it may not be collected.

Please leave your bin right next to the nearest public highway, not behind gates or behind garden walls.

Your bin holds 180 litres, about the same as two blue rubbish bags. We won't empty it if it's too full - the lid must be FULLY closed.

Please don't block the pavement with your bins or green bags.

We will not collect any other rubbish left beside your bin.
