

**WOKINGHAM  
BOROUGH COUNCIL**

**STATEMENT OF REASONS**

**WOKINGHAM BOROUGH COUNCIL VARIOUS 30MPH SPEED LIMIT**

**ORDER 202\***

This Order replaces current existing limits on parts of Biggs Lane, Arborfield, Park Lane, Finchampstead, New Road, Twyford, Stanlake Lane Twyford and Waltham Road Twyford, with a 30-mph speed limit in accordance with the Road Traffic Regulation Act (1984).

Extending the 30mph speed limit beyond Ruscombe Lane, to cover the crossroad related extents as per map, will provide a safer and lower speed environment to improve road user safety of the crossroads.

Extending the 30mph speed limit beyond Palmer Place on Park Lane to provide a safer speed environment for upcoming housing developments.

The extension of the 30mph speed limit beyond Commonfield Lane on Biggs Lane will provide a lower speed environment at the junction and along a route used by school children and other pedestrians accessing nearby educational facilities. The proposal will improve road user safety by encouraging lower vehicle speeds in an area with increased pedestrian activity associated with nearby housing development and school-related journeys.
